Brush Truck

The truck is used daily and has greatly improved response time for brush being picked up at the curb. Brush must be at the street in order to have picked up. A lot of the alleys are too tight for the truck.

Remember to call to have brush picked up. If you notice a pile that has been there for a long time please call and give us the location so we can get it picked up and leave a tag to inform residents to give us a call in the future. Let's all work to keep Bedford looking good.

Automated Compost Truck in Service

The automated compost truck is in service this April 3. Green totes will be picked up with an automated truck. This will improve the response time and allow for daily pickups on your automated trash day. Toters must be at the street in order to be picked up. We have totes available with the trash utility and the resident splitting the cost of the toter which is approximately \$26.00. Grass, rose clippings, garden waste, small sticks, leaves, and plant clippings can go in totes.

SIDEWALK PROGRAM

Did you know the Street Department has a sidewalk program where the City will remove the old existing sidewalk and furnish the concrete for the new walk and the homeowner is responsible for obtaining a contractor to construct the new walk and for payment for labor and construction. A limited amount of sidewalks are done every year. Contact the Street Department at 279-9222 for details.

CELEBRATE ARBOR DAY, APRIL 28TH BY HAVING THE STREET DEPARTMENT PLANT A TREE IN YOUR TREE PLAT. CALL 812-279-9222 FOR DETAILS.

TAKE A ROUTE DURING THE SPRING CLEAN SWEEP WEEK.

STILL HAVE LEAVES??

Our spring leaf season leaves that you want picked up with the vacuum **CANNOT** be bagged. Leaf season pickup begins April 3 and runs approximately to April 17 on or about your trash day each week. Alleys with leaves are picked up by calling 812-279-9222. If you do not mulch your leaves, please rake them in a pile within 3 feet of the curb in your lawn, not in the street. Leaves clog storm drains if piled in the roadway. Please do not place leaf piles on water meter lids or too close to the trash totes. Leaves can be placed in yard waste totes year around and you do not have to call April – October. The compost truck will be in your neighborhood on your automated trash day or you can call to schedule pickup in the winter months. No bags in yard waste totes. Yard waste toter cost is shared so 96 gallon is about \$26. 812-279-9222 to schedule pickup.
