Leaf Season Leaves

Leaf season has arrived. We will use your trash day to be in your neighborhood to pick up your leaves each week. If you are on a special assistance or rear loader route, your leaf day will be the day others in your neighborhood have their trash picked up with the automated trash truck.

All leaf season leaves that you want to be picked up with the vacuum **CANNOT** be bagged. Leaf season pickup runs approximately October 1st to November 30th or even up into December if needed and there is no snow. If you do not mulch your leaves, please rake them in a pile within 3 feet of the curb in your lawn, not in the street. Leaves clog storm drains if piled in the roadway. Please do not place leaf piles on water meter lids or too close to the trash toters.

Brush Truck

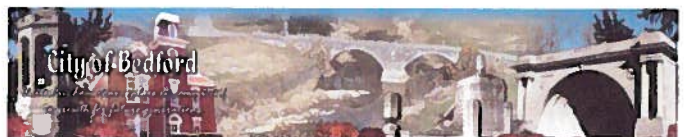

Our brush truck is used daily and has greatly improved response time for brush being picked up at the curb. **Brush must be at the street in order to have picked up. A lot of the alleys are too tight for the truck.**

Remember to call to have brush picked up. If you notice a pile that has been there for a long time please call and give us the location so we can get it picked up and leave a tag to inform residents to give us a call in the future. Let's all work to Build a Better Bedford.

Automated Compost Truck in Service

The automated compost truck is in service. Green toters will be picked up with an automated truck. This will improve the response time and allow for daily pickups. **Toters must be at the street in order to be picked up. A lot of the alleys are too tight for the truck.** Remember from April 1 to October 31 you do not have to call to have your yard toter picked up. It will automatically be picked up on your trash day. We have toters available with the trash utility and the resident splitting the cost of the toter which is approximately \$26.00. Leave space or put on different sides of the drive for pickup. NO BAGS in yard toters.
