#### **Brush Service**

Our brush truck is used daily and has greatly improved response time for brush being picked up at the curb. Brush must be at the street in order to have picked up. A lot of the alleys are too tight for the truck.

Remember to call to have brush picked up. If you notice a pile that has been there for a long time please call and give us the location so we can get it picked up and leave a tag to inform residents to give us a call in the future. Let's all work to Build a Better Bedford.

## **Automated Compost Truck in Service**

The automated compost truck is in service. Green toters will be emptied with an automated truck. This will improve the response time and allow for daily pickups. Toters must be at the street in order to be picked up. Green toters will be picked up automatically on your trash day each week through October 27<sup>th</sup>. Remember to call to have your yard toter emptied from October 28<sup>th</sup> until March 30<sup>th</sup>, 2018. We have toters available with the trash utility and the resident splitting the cost of the toter which is approximately \$26.00.

# **SIDEWALK PROGRAM**

Did you know the Street Department has a sidewalk program where the City will remove the old existing sidewalk and furnish the concrete for the new walk and the homeowner is responsible for obtaining a contractor to construct the new walk and for payment for labor and construction. A limited amount of sidewalks are done every year. Contact the Street Department at 279-9222 for details.

TAKE A ROUTE DURING THE FALL CLEAN SWEEP WEEK.

# VACUUM LEAF SEASON

All leaf season leaves that you want picked up with the vacuum CANNOT be bagged. Leaf season pickup begins October 2<sup>nd</sup> and runs approximately to December 1<sup>st</sup> or even up into later December if needed on your trash day each week. Alleys with leaves are picked up by calling 812-279-9222. If you do not mulch your leaves, please rake them in a pile within 3 feet of the curb in your lawn, not in the street. Leaves clog storm drains if piled in the roadway. Please do not place leaf piles on water meter lids or too close to the trash toters. Leaves can be placed in yard waste toters year around and call to schedule pickup. No bags in yard waste toters. Yard waste toter cost is shared so 96 gallon is about \$26. 812-279-9222 to schedule pickup.
